

# PUBLIC LEDGER

SIXTH YEAR.

MAYSVILLE, KY., SATURDAY, JULY 10, 1897.

ONE CENT.

LARGEST IN THE CITY.

## Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising space unless he can get a return for his outlay. A newspaper can never be a loss to its owner, for it is a legitimate business concern. Its contents are its stock in trade, and the money paid for, no matter in what part of the paper they appear.

## The Continued Call

use the Ledger for free notices have become so burdensome that we are forced to publish the following terms:

## For Notices of Success,

excursions, fairs, or other public entertainments, or for notices of obituaries, or obituary notices, notices of respect, &c., The Ledger will charge \$1.00 for each notice, and it will be the impartial rule. This, however.

## Does Not Include

notices of Lodge meetings or Church meetings, which must not exceed ten lines.

## Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for Business Lines in The Ledger is 10 cents a line for the first 10 words, and 5 cents a line for each subsequent insertion. A customer orders "I'll tell you when to take it out," he says to his bookseller, but he doesn't mean it. The bookseller runs it for two months—32 times—the bill is for \$1.60, and the customer says it is a "kick" and a controversy follows. The bookseller says "I'll forgive you this trouble, and 'ill forgive" means he is expected to pay. The customer says "I'll pay" and the bookseller says "I'll take it out." The customer and the bookseller are at a standstill, and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have an item of news, please call the LEDGER, Telephone 39, and send it in.

## All Causes Have Their Effects

Since the middle of June we have sold thrice the amount of goods than in the same given time since 1894. Why? Because money is more plentiful, and those that have the coin

Are Apt to Go Where They Get the Most and Best For Their Money.

When times were the hardest and most merchants bought the commonest of goods we kept on the even tenor of our way and bought only the highest class of merchandise. We may have missed some sales on low qualities, but we retained the highest class of goods in various lines, and as our people are now realizing better prices for their product and money is more plentiful we are reaping the benefit of our repute for handling Good Clothing only. To show our appreciation to our patrons we are going to offer you for the next ten days, beginning Saturday morning, July 10th, the greatest values in men's all wool Cassimere and Cheviot Suits that were ever offered in this or any other market.

## \$6.75 Cash

Will buy choice of 160 Suits that were made to sell at \$12, which we have been selling at \$10. See window display of them.

Just received and opened another large consignment of our elegant Crash Suits, the greatest hot weather suit in the state of Kentucky. We advise our friends to call early before the sizes are broken.

## Eyesight

Is of such great value that one ought to take more than ordinary precautions to guard against every possible trouble.

If you have even a remote suspicion that there is any trouble with your eyes it will be for your own best interests to have your vision tested and trouble, if any, removed.

Very simple troubles may develop serious results if not properly treated.

Ordinary failing eyesight receives our most careful attention, both as to glasses and frames.

It's just as important to have the right frame as the right glass, and from our large stock we can give you the correct thing in either Gold, Silver or Steel.

We make no charge for examinations, and if yours is a case requiring the services of an oculist we will frankly tell you so.

## INJURED AT LEXINGTON.

Albert Hart, Son of Hon. Rolla K. Hart, in an explosion.

Yesterday morning about 11 o'clock a dynamite bomb was exploded at the Cincinnati Southern Railroad crossing in Lexington.

'Albert Hart, aged 13, son of Hon. Rolla K. Hart of Fleming county, was passing on his bicycle, and was struck by some of the flying debris.

He was picked up by Dr. Carrick and was taken to the home of Judge Mat Walton on West Third street, where the boy was visiting.

Dr. Kinnaird and Patterson were called and they with Dr. Carrick amputated the index finger of the right hand. His thumb is badly smashed and may have to be taken off. The doctors took a small piece of the dynamite shell out of the boy's leg and he suffered an abrasion of the skin over the stomach.

At 4 o'clock in the afternoon young Albert Hart's injuries showed developments which looked far more serious than at first expected.

The doctors fear that he may have received internal injuries more serious than at first supposed.

The Great Business.

The failure of some Building Associations, like the failure of some banks, only proves the exception and not the rule. In these as in other cases it is simply a survival of the fittest. Come what may, we shall always have banks and Building Associations, and it is right that only the fittest should survive. For about two years the Paducah Building Trust Company has been doing an excellent business here, and it has connected with it some of the best men in the business. Paducah, I believe, is represented among its nine Directors in the person of Mr. A. D. Cole.

It is estimated by the Treasury Department that the Secretary Gage's proposal to tax refined sugar, to be produced from existing stocks of raw sugar, imported prior to the passage of the tariff Bill, would yield over \$14,000,000 of revenue within the next six or eight months.

The Bourbon Circuit Court adjourned last week. Ten persons were sent to the penitentiary, two of them for life for wife murder. One of the prisoners was Horace Bybee, colored, from Clark county, who was sent up for one year for shooting the Constable who tried to arrest him.

Constable Dawson made a good catch this morning. Ed. Robinson, a white man who resides at Charleston Bottom, was arrested by the Constable on a very grave charge, that of detaining a woman against her will. Mrs. Jones, aged 17, is the name of the woman, who also resides at Charleston Bottom. The trial is in progress before Judge Hutchins as we go to press.

Saturday E. H. Davis bought and took out a new self-binder to cut his wheat, says The Flemingsburg Times-Democrat. On Monday about 11 o'clock the horses attached to it took fright and ran away, throwing off 'Squire Bush, who was driving, but fortunately on the opposite side from the sickle. The horses ran around the field three times and finally stopped in the middle of the field from exhaustion. The binder was almost torn to pieces, and Mr. Lander had to have the machine repaired to cut the 40 acres of wheat which was still standing at the time of the accident.

Philip Hinton, colored, formerly of this city, a brother of Spencer Hinton, died at his home in California Wednesday. The remains were interred yesterday by Mr. W. C. Pelham.

Mr. Henry Wadsworth, the crack center fielder for the old Maysville team, and who helped to lead it to so many handsome victories, is getting together a club to go to Knoxville to play Manager Moffett's Indians at that place. He will take several Maysville boys and the rest will be amateur players well known to our local "fans." It is hoped Henry will take a winning team with him and sustain the glorious reputation of Maysville in the fair Southern city. They expect to leave some time next week.

The Stockholders of the Paducah Building Trust Company: The special meeting of the full Board of Directors having just closed, you are doubtless anxious to know what our stockholders have had and will have upon our company. Naturally applications for withdrawal have been considerable. But we have asked no quarter, and for nearly a year we have received no applications for withdrawal. The policy we deemed preferable to making loans with the receipt, both because it demonstrated our ability and willingness to pay our obligations, and because the stockholders were more than we possibly may have for the permanent stockholders, and loans were to be paid back.

But we have now decided to make loans in all probability and to make a few helpful remarks. Lemonade will be served at the future wants of the borrower as well as to increase our assets.

Let me say, in case the recent decision of the Court of Appeals becomes final, we have arranged our plan to conform to the law as so declared; and, in any case, the Paducah Building Trust Company will continue business, and as heretofore will afford a safe and profitable investment both to the borrower and to the investor. Very respectfully,

With a view to securing New Recruits, The Lake Cities Will Be Visited First and Lake Sailors Enlisted—Other Intelligence From the Capitol.

WASHINGTON, July 10.—The navy department is about to undertake to get more sailors for the navy, and to that end Lieut. Com. J. M. Hawley, with a surgeon and a boatswain, will start from Washington next month on a tour of the largest western cities with a view to enlisting sailors. The tour will be made at Duluth and then Chicago, Milwaukee, Toledo, Buffalo and other lake cities will be visited.

The plan is to open temporary recruiting offices in these cities and to seek out the navy sailors as possible. The project is to be credited to Lieut. Com. Hawley. When the fact that not a single vessel in the naval service had a full complement of ordinary seamen and sailors, and that men of the high standard desired by the navy were to be found in the great number of sailors in the coast cities, his plan was adopted and he was placed in charge of its execution. Most of the sailors who man our warships are from the coast cities, although recent reports of westerners have been drifting into the service, and it was felt that if this movement could be stimulated the navy could be strengthened by securing a large proportion of native men in its enlistment.

Letters received at the navy department showed that one obstacle to the entry of westerners into the service was the fact that the men were less willing and anxious to enter, had not the means to reach the seaboard cities where enlisted men are made. This was the reason for sending Lieut. Com. Hawley to the coast cities to establish recruiting offices for recruiting as he goes, where the recruits may apply and be sent in batches of ten or a dozen in charge of the boatswain to the nearest navy yard or station. The pay of these men will be \$19 per month, and the expenses. The terms offered to the lake sailors are: For ordinary seamen \$19 per month, and for sailors \$34 with an allowance of \$1 per month for clothing. The pay of the sailors and rates of pay of the recruiting officer also hopes to secure some machinists from the lake ports for the navy. The pay of these men in the navy is \$20 per month, and the average of \$40 on the lakes.

W. M.—Frankfort—The Postmaster committee on foreign relations made two efforts Friday to secure a full meeting for the purpose of taking up the question of possible diplomatic relations between the U. S. and Mexico. No quorum was secured at the forenoon session, and there was not a full attendance at the afternoon meeting.

The treaty was discussed at length, and the more pronounced of the advocates of the treaty suggested the advisability of early action.

This suggestion antagonized both the anti-slavery opponents of annexation and at least one of the supporters of annexation, on the ground that the matter is too important for immediate action.

The committee adjourned until next week.

WASHINGTON, July 10.—The remains of Senator Harris will be removed to Memphis for interment over the C. & O. Railway, lying here Saturday night at 11 p.m. The body will be transported to Nashville Monday morning at 6 o'clock and lie in state at the Tennessee capitol until 8 p.m. Thence the remains will be conveyed to Memphis for interment over the C. & O. Railway there at 6 o'clock Tuesday morning. The funeral will occur at Memphis on Tuesday and the congressional escort will leave Memphis at 8 p.m. Tuesday arriving here at 6:47 Thursday morning.

WASHINGTON, July 10.—United States Consul Lee has been rendering some account to the government of his services from the time he was appointed by Congress for the relief of destitute American citizens in Cuba. His figures were presented to the cabinet Friday and the shadown was rendered that he had expended the total of \$50,000, at the disposal of the consul general, he had expended only \$6,000, and yet had given substantial relief to every distressed American who had come to him to receive aid, and besides had shipped some of them back to the United States.

WASHINGTON, July 10.—The commissioners of pensions have before him the case of about 150 veterans and dependents from the pension office during the last administration and who seek reinstatement. They are being carefully considered, and where possible and the circumstances warrant it, reinstatement will be made.

WASHINGTON, July 10.—President McKinley will spend most of his summer vacation on the shores of Lake Champlain.

He will leave Washington on August 1st and go to Lake Champlain.

Plattsburg, N. Y., will be his nearest town. His party will consist of the members of the presidential family, Vice-President and Mrs. Hobart, Secretary Alger, Mrs. Secretary, Mrs. Porter, and probably several other members of official society. The president will make quite a prolonged stay, lasting several weeks.

He has no present plans beyond this, but has said he would take a western trip in July probably to another congress adjourned in time.

## FOUR KILLED.

A Dynamite Bomb at Lexington Struck by a Hammer.

Terrible Explosion Follows and Six Workmen Hurled Through the Air.

Four Dead and Two Mortally Wounded—A Dynamite Bomb, a Hammer, and a Bicycle Were Used.

Lexington, Ky., July 10.—A dynamite bomb exploded yesterday at 11:30 A.M. Friday morning, where the street railway crosses the Cincinnati Southern railway on South Broadway, about one mile from the city center. Six colored workmen of the street railway were working at the crossing.

One workman with a pick struck a dynamite bomb 14 inches long and two inches in diameter, made of gas pipe. The explosion was heard.

The men were buried right and left and torn to pieces in a horrible manner. The noise of the explosion attracted a crowd of a few minutes.

Every physician in the city was summoned to the scene, together with the police force, fire department, ambulance and the officials of the street railway.

In all the men could be located under the undertaker's wagon four of them, J. Wash Calloway, foreman; John Washington, Sam Tinsley and Willis Mason, were dead.

Two were slightly wounded their legs and arms being broken and crushed, and they can not live.

Several bystanders were slightly injured by the exploding debris.

Det. W. White of the Cincinnati Southern, secured the remains of the bomb. It was a carefully made engine of destruction. White thinks it was probably blown by the electrician on the Southern train.

It is much larger than any dynamite cartridge ever seen here and could be used for no peaceful purpose. White thinks it must have been placed in the crossing some time ago, and carelessness.

There is no clew as to how it came there.

The men killed and injured were descendants of the colored citizens among them having been in the employ of the street railroad for many years. All had families.

Rolla Hart, the young son of State Senator Hart of Fleming county, who was riding by on a bicycle at the time of the explosion, was badly injured. He may die.

It develops that the men were examining the bomb to see what it was when one struck it with a hammer to break it open.

### DILLON MINE NO. 2.

Now No Man Went to Work on the Blow-up—Whistle—Other Mines Will Be Secured.

WHEELING, W. Va., July 10.—It had been announced by the Wheeling & Lake Erie that the mine that the Dillon No. 2 mine at Dillonvale would resume Friday morning with the miners protected by numerous posse of U. S. marshals. At the blowing of the whistle the miners would go to work. The men had got together the night before and decided that it was necessary for them to be protected by United States marshals, they would not work. The management, while it is said, endeavored to secure other miners to operate the mines if possible. It is not expected there will be any trouble at Dillonvale until the company attempts to blow up two mines to move West Virginia coal through the lakes and to operate the mines with outside labor. The marshals are at Long Run and Dillonvale, but everything is quiet there. Franklin, W. Va., across the river from Wheeling, in creek valley and back of Bellaire, on the Baltimore & Ohio road, all is quiet, there being a general absence of the strike here, except at two or three points where operators have conceded the 60-cent rate demanded by the men.

**To Arbitrate the Miners' Strike.**

HARRISBURG, Pa., July 10.—Gov. Hastings received a telegram Friday afternoon from Joseph Bishop, secretary of the state arbitration commission, and L. P. McCormick, labor commissioner of Indiana, asking him to co-operate with the arbitration boards of Ohio, Indiana and Illinois at a meeting to be held in Indianapolis on Monday to settle the miners' strike. A similar telegram was also received from Gov. Mount, of Indiana. Gov. Hastings replied to both declining to act because either the miners or the mine operators have no request.

**Series Guilty of Conspiracy.**

NEW YORK, July 10.—W. D. Scarles, vice president of the Farmers' Loan and Trust Co., in the supreme court building, was asked guilty of contempt of court. The court agreed to accept out of Mr. Scarles' refusal to answer questions before a commission which sat in a suit brought by the Lake Shore and Michigan City, Chicago, against the Farmers' Loan and Trust Co., to set aside the foreclosure of a mortgage on the road held by the trust company.

**Mines' Demands Granted.**

WHEELING, W. Va., July 10.—The operators of the coal mines at Dillonvale, ten miles below this city, granted the demands of the men Friday morning. The men, about 300 in number, went out Thursday evening, but returned to work at a 60-cent rate.

**Rev. Dr. Gibson Accepts.**

RICHMOND, Va., July 10.—Rev. Dr. Robert G. Gibson, of Cincinnati, has offered his services in the office of bishop of this Episcopal diocese, to which he was elected at the council held here recently.

**To Marry a Duke.**

LEXINGTON, Ky., July 10.—A marriage has been arranged between the duke of Manchester and the daughter of Mr. George Coeckel of New York.
